(c) and (d) The Department of Rural Development has informed that the pace of utilization of funds in the North Eastern Region (NER) has substantially improved in the last two years in comparison to 1999-2000. However, there have been some shortfalls in achievements. The main reason for the shortfalls has been non-release of matching shares by the NE States during the period. The State Governments of NER released Rs. 291.61 crore, Rs. 229.56 crore and Rs. 280.46 crore during the years 1999-2000, 2000-2001 and 2001-2002 as against their share of Rs. 327.63 crore, Rs. 401.17 crore and Rs. 386.39 crore respectively. Among the other reasons are topographical conditions of the region, the short execution period,

inadequate capacity to execute projects in time, disturbed conditions in some parts.
